Objective

Results-driven Software Development student with expertise in C/C++, Java, Python, SQL, HTML, CSS, JavaScript, and PHP. Proven track record in proactive problem-solving, effective communication, and leadership. Seeking opportunities to leverage skills and drive project success in dynamic environments, contributing to innovative solutions and exceeding client expectations.

Education

- Diploma: Software Development
   Bow Valley College - Calgary, AB, Canada

- Advanced Diploma: Computer Application, 05/2023

   University School of Open Learning, PU - Chandigarh

   This learning provides the knowledge and abilities to use computers and complete daily tasks. In the final project of this course, I worked on the front-end website of a restaurant using HTML, CSS, and JavaScript.

   Final Grade: 80.8%

- Master of Science: Physics, 11/2022
   Post Graduate Government College For Girls-11, PU - Chandigarh In a post-graduate degree the main focus is on the fundamental principles, theories, and mathematical frameworks. I closely observed in my research project how modern physics depends on computers and software.

   Final Grade: 83%

- Bachelor of Science: Non-Medical, 10/2020

  G.G.D.S.D College-32, PU - Chandigarh

  I studied Computer Science, Physics, and Mathematics as my core subjects during my undergraduate degree.

  Final Grade: 73.6%

Technical Skills
- Languages: - C, C++, Java, Python, SQL, PL/SQL.
- Platforms & Framework: - Windows, Linux.
- Web Techniques: - HTML, CSS, JavaScript, PHP.
- Other: - Microsoft Office Suite, Visual Studio.

Skills
- Communication
- Problem-solving
- Adaptability
- Time management
- Attention to detail
- Teamwork
- Critical thinking
- Leadership
- Customer focus
- Continuous learning

Certificate
- Winner in Inter House Cultural as well as in Games and sports Competitions.
- ICMR-Arogya CIBioD Short-Term Attachment Program.
